Facility

Marion Gröger Award 2023

In memory of Marion Gröger, first head of the Imaging Core Facility, who passed away in 2022 an award is named after her, which honours the most original microscopy image.

The best picture will be displayed in the Core Facilities and there will also be a small prize.

Participation

Users of the Imaging Core Facility can participate until 1 December 2023.

Any image taken on one of the Core Facility Imaging devices can be submitted.

Send a maximum of two microscopic images, including a title and the name of the used device as well as a very short text why the picture in particular was submitted to **imaging@meduniwien.ac.at**.

The winner will be announced before 24 December 2023.
